

Southside Task Force Meeting
Tuesday, October 4, 2011
Campostella Recreation Center

Department Reports

A. Police

During the month of September, crime statistics showed a decrease (mostly in burglaries). A number of homes in the Campostella area are being entered through a back door during the daytime and burglars are targeting small items and electronics. In Berkley, vacant properties are being entered and copper piping is being targeted. The Norfolk Police Department Detective Division is working several leads and requests assistance with any information by calling 1-888-LOCK-U-UP (1-888-562-5887).

The Police Department continues to see a trend in auto larcenies. Citizens are encouraged not to leave personal items inside their vehicles.

Civic leagues are returning from their summer vacation months. Our Community Resource Officers are actively attending the meetings, gathering their concerns and addressing issues. Citizens are encouraged to contact the Norfolk Cares line at 664-6510 for non-emergency concerns.

B. Utilities

The Wastewater Division of the Department of Utilities completed two repairs on the sewer mains on State Street. near the intersection of State, Clifton, and Patrick streets. These repairs have allowed the system to operate, but further repairs are needed.

We are currently evaluating the best method to perform the additional repairs needed and the complete scope of the project. Once our evaluation is complete, further information will be provided to the Task Force as to the timeframe and extent of the project.

C. Development

The Department of Development in conjunction with the United States Small Business Administration will be hosting an Export Trade Conference at Nauticus on October 5th, 12th, 19th, and 25th from 11:30 A.M. to 1:30 P.M. This conference will focus on providing businesses with the resources and information needed to export goods and services to other countries. Please see below for registration and detailed information.
